FRIDAY, MAY 7, 1920.

er was the honoree at an  
prise birthday party on  
noon when Mrs. R. J.  
nd Mrs. F. H. Lewis  
hostesses at the home  
ridge where Mrs. Ruter  
me, the occasion being  
day anniversary of Mrs.  
reception room was  
corated with ferns and  
s Mrs. Ruter was total-  
the intended party, she  
just before the arrival  
that some friends were  
her delight was beyond  
hen she discovered that  
oted friends had arrang-  
as a pleasant surprise  
ough, totally blind Mrs.  
the keenest interest in  
, and always enjoys the  
friends and acquaint-  
ly those who have been  
imate friends were in-  
ous ice cream, cake and  
served during the pleas-  
, and those participating  
on were: Rev. and Mrs.  
rs. R. J. Loughridge,  
ewis, Mrs. P. K. Mayers,  
Mrs. Whatley, Mrs. Mun-  
ima Hilands, Miss Irma  
Mrs. Cecilia Saucier,  
Hague. Mrs. Ruter was  
ient of a number of love-  
nor of the day.

Martin and Mr. Ben G.  
arried Monday at the  
Judge Chas. E. Chidsey,  
iciating. Both are from

CARD OF THANKS.

We take this method of extending  
our heartfelt thanks to the many  
friends and acquaintances who were  
so kind and sympathetic to us in the  
recent death of our beloved son and  
brother, Clemens W. Henriksen. God  
in his wisdom has seen fit to visit us  
with a great bereavement, but the  
kindly ministrations of those who so  
sympathetically visited us and did so  
much for us during the time of trial  
went a long way to soften the grief  
that besets our hearts. May God bless  
you, kind friends, for your kindness  
and loving sympathy. Especially do  
we wish to thank the members of  
Gulf Lodge, A. F. & A. M., for their at-  
tentions and loyalty, and the beauti-  
ful funeral service rendered over the  
remains of our dear departed.

Respectfully,

K. M. HENRIKSEN and Family.  
Pascagoula, Miss., May 5, 1920.

The Pascagoula High School base-  
ball team was defeated in an interest-  
ing game at the Seashore Camp  
Grounds last Saturday afternoon by  
the team of that school. The score  
was 6 to 2.

Dr. S. B. McIlwaine attended the  
meeting of the American Medical As-  
sociation at New Orleans last week.

Miss Lillie May Copeland of San-  
dersville, Miss., who has been the  
guest of Mrs. S. B. McIlwaine, re-  
turned home Tuesday.

cided that he could no longer con tinue in charge of his church.

The Rev. Mr. Foreman is much loved in Pascagoula. He is one of the most popular ministers that the church has had in a number of years and his departure will be cause for regret not only by members of his congregation, but by people of other denominations. The vacancy will be filled by appointments to be made by the presiding elder of the Seashore district.

MR. KARL M. HENRIKSEN.

The death of Mr. Karl M. Henriksen, which occurred Tuesday morning of last week, May 19, at 11:20 o'clock, is deplored by large numbers of Pascagoula people, among whom he has lived for thirty-five years. Mr. Henriksen was a native of Norway, having been born in Christiania 74 years ago. For many years he was an employee of the Frentz shipyard in Pascagoula.

The funeral was held Wednesday afternoon, May 20, from his late home on Telephone road with services at the Baptist church conducted by the Rev. J. F. Brock, pastor of the Moss Point Baptist church, and interment was in the Greenwood cemetery.

Mr. Henriksen is survived by his wife, whom he married 48 years ago, and four children, Mrs. R. E. Daly, Jr., of Mobile, Mrs. J. S. Larsen of New Orleans, Mrs. T. W. Hudson of Pascagoula, and Mr. A. Henriksen of Mobile. He also leaves twelve grandchildren and two greatgrandchildren.

CARD OF THANKS.

With deepest sincerity we desire to thank friends and neighbors both in Jackson county and in Mobile who were so kind and considerate to us and to our mother while she was ill in the Mobile Infirmary. We desire to thank Dr. T. D. Hays of Mobile and Miss Hattie H. Kennedy for professional services to our mother, and we also desire to thank those of our neighbors who came to our home dur

#### CAMP FIRE GIRLS HAVE GRAND TIME ON BEACH.

The Waw-ban-see Campfire girls,  
with their guardians, Misses Leona  
Nelson and Fannie Cudabac, left Fri-  
day afternoon for a week-end camp  
at the beach home of Mr. and Mrs.  
E. J. Jane.

“Have a Good Time,” was the  
girls slogan, and they certainly car-  
ried it to perfection.

Early in the morning they would  
go swimming, later crabbing, then  
they would play, rest, eat or do any-  
thing they liked.

In the afternoon they would swim  
again, and at night have glorious  
times toasting marshmallows, roast-  
ing weenies and telling stories around  
the campfire.

Mr. F. J. Johnson showed his in-  
terest in the girls by lending them  
one of his victrolas and some rec-  
ords.

Many kind mothers and friends  
sent cakes, candy, gum and other  
good things to eat to the “always  
hungry” girls.

The girls won honor beads in water  
sports and in camp craft.

Those who enjoyed this lovely out-  
ing were: Jean Martin, Helen Da-  
vis, Yvonne Jane, Jenelle Heidelberg,  
Helena Stephens, Annie Blackwell,  
Alice Morlet, Ollie Belle Hollis, An-  
nette Miller, Vivian Perez, Fannie

river has an average depth of seventeen feet with slate bottom.

At Moss Point there are several anchorage lakes with an average depth of seventeen feet, and several miles of water front is to be had for the construction of terminal facilities, offering one of the best inland harbors in the United States, free from all storms and Gulf winds.

On their tour of inspection of the Mississippi Export railroad the visiting officials were accompanied by a party of Pascagoula and Moss Point citizens, among whom were Messrs. F. H. Lewis, Wm. M. Colmer, Hermes Gautier, E. B. Martin, J. J. McIntosh and K. W. Burnham. At night they were guests of citizens at dinner served at the Tourist Club, which was a purely social affair, with business matters set aside for the day.

#### CARD OF THANKS.

We take this means to thank our friends, who were so kind and attentive to us during the last illness and subsequent death of our beloved husband and father, Mr. K. M. Henriksen. We also thank all kind friends and neighbors for floral offerings and for other manifestations of sympathy.

MRS. K. M. HENRIKSEN AND CHILDREN.

#### MRS. MAYBELL HAMILTON.

Mrs. Maybell Hamilton, aged 65 years, died in the Mobile Infirmary May 21, where she had been taken several weeks ago following an illness which has continued for six weeks. The body was returned to her old home near Hurley and interred in the Hamilton cemetery.

Mrs. Hamilton is survived by eleven children, all of whom reside in Jackson county. Her husband, Mr. Malcolm Hamilton, died thirteen years ago. Besides her children, Mrs. Hamilton leaves one brother, John Goff of Big Point, and two sisters, Mrs. Ida Jones of Hurley and Mrs. Emma Byrd of Gulfport.

#### LOCAL MEN ATTEND ADVERTISING MEET HELD AT GULFPORT.

Pascagoula and Moss Point citizens attended the mass meet-

paid accounts—brought more cash business because people with cash to spend did not trade at stores where they had delinquent accounts.

The speaker said that the merchant owes to his prompt paying customers a protection, so the good customer would not be penalized by the losses from bad accounts. Of the retail business in the county, Mr. Jernigan said, 25 per cent is paid in thirty days, 25 per cent in sixty days, 49 per cent is collected with difficulty, and one per cent is lost. He pointed out the merits of a credit association and how merchants would be enabled not only to give their customers lower prices and better merchandise but would themselves make better profits by faster turn-over of capital.

#### FLOWERS GIVE ADDED BEAUTY TO HOME YARDS

League Believes Civic Pride and Thrift Is Shown by Beautiful Premises.

A very interesting meeting of the Civic League was held last Friday afternoon at the Community House with Mrs. R. A. Bowers, presiding. As the "Clean-Up" drive was nearing its close, the league took up as one of its subjects "Home Gardehs," turning its attention to the miracle of spring—the planting of seeds and the bursting forth of the glorious blossoming of myriads of buds which have been noticed in many of our Pascagoula gardens.

And if all of us who talk about and wish for a permanently clean and beautiful Pascagoula will only do our reasonable fair share toward that end, the thing can be accomplished, with immense benefits to us all in terms comfort, health and civic satisfaction.

It is impossible to name them all—the scores of varieties of flowers Pascagoula home makers have planted and are now cultivating. As a proof of the observance and appreciation, we furnish here below the names of a few whose gardens are filled with colorful flowers and whose lawns

Pascagoula Public Library

A splendid musical program and entertainment will be offered by Miss Muriel Carrier and others of Pascagoula, and Misses Dorothy Eley and Ida May Corley of Moss Point, and promises to be something different in the way of pleasant entertainment.

Rev. A. C. Ingram of Moss Point will be the toastmaster. There will be three-minute talks by Rev. J. M. Corley, Messrs. E. B. Dunten, W. B. Herring, H. F. Gautier, W. J. Lindinger and W. H. Westfall, and the committee wishes to notify all that these will be strictly three-minute talks. They will be responded to by the following club members: Marvin Davis of Vancleave, Aubrey Stonecipher of Tanner-Williams school, R. L. Roberts of Vancleave and Miss Louise Baria of Big Point.

The address of the evening will be made by Prof. A. L. Denson of Perkinston. Mr. Denson is a native of Jackson county, is principal of the big agricultural high school at Perkinston. He knows boys and girls and how to address them and his hearers may expect a treat in his address.

Altogether the affair promises to be a most delightful one to those concerned and will no doubt be followed by other such get-together meetings that create a more co-operative spirit between the men of the towns and the boys on the farms, whom this banquet is intended to encourage.

emerging from the most devastating and destructive flood with which it has ever been visited. Although not a drop of water which fell from the heavens upon the soils of Mississippi came down upon the fertile farms of our great Delta, yet the waters of nearly two-thirds of the remaining states, embracing a vast part of the land area of the whole country, descended upon our helpless people almost without warning, devastated their crops, destroyed their livestock and property and brought more wreck and ruin to our people in this section than we have known since the Civil war.

"Leaders of Mississippi, do you mean to say that engrossed in our own business we are going to sit supinely behind our desks and neglect and fail to take an aggressive stand in a great common effort to arouse the people of this nation that they

will see to it that this great government of ours will take such action as will make our state and the other states forever safe from the recurrence of such a calamity? Oh, yes, in the distressing appeal of the present we each feel that we will do our part. But after the flood is gone and when the sun is shining again, in the quiet of the aftermath, when the interest and the enthusiasm of others is waning, will we still carry on until victory has been secured?

"That is the kind of service to which I am calling you. These are some of the things which we should do. And we cannot overestimate the

Mr. Browne does not know whether that was through fear or because the negro was so nearly drowned that he was glad to be arrested.

MRS. K. M. HENRIKSEN.

The funeral of Mrs. Erikke Marie Henriksen, widow of the late K. M. Henriksen, whose untimely death occurred at an infirmary in Mobile on Sunday morning, June 19, was held from the residence of her son-in-law T. W. Hudson in Pine street on Monday afternoon at 4 o'clock. Rev. C. M. Morris, pastor of the Baptist church officiated, and the remains were followed to Greenwood cemetery by a large number of friends and acquaintances.

Mrs. Henriksen died under very distressing circumstances, as the result of injuries received on Saturday afternoon, when she was struck by a freight train as she was crossing the tracks of the L. & N. railroad at the Kerr street crossing in this city. The accident occurred at 4:47 o'clock and was witnessed by several persons.

Through north-bound train No. 210, drawn by engine No. 297, came through the city at that hour slowing up before reaching the station, but not stopping until after the accident. Mrs. Henriksen was seen to approach the tracks, carrying a sun umbrella, which perhaps obscured her vision so that she did not see the train approaching, and perhaps failed to hear it. At any rate she crossed the main track just ahead of the approaching train and just cleared the rails, but was struck and knocked down. The train stopped within about three hundred feet.

The injured woman was taken to the office of a physician in the Palace Pharmacy, where she had the attention of physicians at once. She was found to be seriously injured. Her left leg was broken and she received other injuries about the head and body. After the physicians had made an examination and rendered such aid as they could, the sufferer was taken to Mobile and placed in an infirmary where she died Sunday morning at 5 o'clock. A short service was held in a mortuary parlor at Mobile by Rev. W. A. Lockler, after which the body was brought to Pascagoula Sunday afternoon for interment.

Mrs. Henriksen was 70 years of age and was a native of Fredrikshald, Norway, and had been a resident of Mobile and Pascagoula for many years. She is survived by one son, A. Henriksen of New Orleans, three daughters, Mrs. T. W. Hudson of Pascagoula, Mrs. R. E. Dailey, Jr., of Mobile, and Mrs. J. S. Larsen of New Orleans, and grandchildren and great grandchildren, to all of whom this paper extends sympathies, in conjunction with many friends here and elsewhere.

dicted very early in the spring.

CHAMBER OF  
COMMERCE NEWS

By C. L. Roberts.

This organization is making some intensive study of scientific agricultural data with a view of developing this phase of our community life. A recent conference in this office with a large agricultural developer and manufacturer brought out some very interesting facts and views on this subject and disclosed some wonderful inviting possibilities. Mr. James H. Price presented some interesting reviews of his practical experimental experiences in this section. Few of us no doubt, have ever realized just what can be done in this line, or possibly we have never given it our earnest consideration. Thorough investigation will certainly be worth your while.

Preliminary improvements are being made for the expected arrival of the large Coast Guard patrol boats to this base. Vacant houses are being repaired and painted, apartments are being arranged and improved, the city administration is repairing the wharf and building of the city docks and lights are being installed there. Other things are evident of the prosperity that Pascagoula will enjoy from the location of this Coast Guard Base. Proposals have been received by the local oil companies for supply contracts of fuel, and there will be quite a bit of volume of trade for general supply houses. A marked improvement should manifest itself with this infusion of new blood in our business activity.

A request is again made for all those having real estate and houses, to list them with the Chamber of Commerce so that all inquirers in that line may be efficiently handled. When the list seems complete, a number of lists will be made to be given out, and this should serve its purpose better than most any other way.

Attention is called to the general and gradual improvement in our scenic effect. Many persons have responded in fine fashion to the clean up and paint up request and it shows the true spirit of Pascagoula. Let us continue this fine work and continue to improve and beautify Pascagoula.

The Mississippi Oyster Commission made an inspection of the reefs in this vicinity and report that something over four thousand barrels of oysters have been planted on our reefs. The conservation of our reefs is a most important consideration and with proper supervision and care they should develop into the largest and best on the Coast, and serve to stimulate and interest seafood establishments.
